SKILLS

Programming:	Java (Core Java, Exception Handling, Collections)
Frontend:	HTML, CSS, JSP, Servlets
Backend & Connectivity:	JDBC, DAO
Database:	MySQL, SQL
Core Concepts:	OOP, Java Collections, Basic Data Structures

PROJECTS

TapFood – Online Food Ordering System **Aug 2025 – Dec 2025**

Technologies: Java, JSP, Servlets, JDBC, MySQL, HTML, CSS

- Developed a web-based food ordering application for users to register, log in, browse restaurants, view menus, and manage orders.
- Implemented server-side functionality using Java Servlets, JDBC, and DAO architecture for database operations.
- Designed a MySQL database for managing users, restaurants, menu items, orders, and order items.
- Created dynamic JSP pages to connect the user interface with backend functionality.

SmartShop AI – AI-Powered Personalized E-Commerce Recommendation and Customer Behavior Analysis System **Aug 2026 – Present**

Technologies: Java, Spring Boot, MySQL, HTML, CSS, JavaScript, REST APIs

- Developing a personalized e-commerce application that recommends relevant products using customers' search activity and purchase history.
- Implemented customer registration, login, product search, order history, and customer behavior tracking.
- Built Spring Boot REST APIs and integrated MySQL repositories to manage products, orders, customers, and activity records.
- Developed recommendation logic that matches product suggestions with customer interests and previously searched or purchased items.
- Building the application incrementally and testing features while resolving errors.

EXPERIENCE

TAP Academy – Software Development Intern **Jan 2026 – Present**

Java Full Stack Web Development

- Practicing Core Java, OOP concepts, exception handling, and collections through structured hands-on training.
- Developing full-stack application skills using HTML, CSS, JavaScript, Java, and Spring Boot.
- Working with SQL and MySQL for database design, queries, and application data management.
- Applying debugging, problem-solving, and project development practices during practical assignments.

ACHIEVEMENTS

- Redington Advanced IT Skills Training in Cybersecurity – Grade A+ (2025).
- Represented SJM Institute of Technology at TCS TechBytes 2025, a statewide IT quiz organized by BITES.

EDUCATION

SJM Institute of Technology, Chitradurga, India **2022 – 2026**

Bachelor of Engineering (B.E.) – Computer Science and Engineering

CGPA: 8.60 / 10
